

Dent J Health Sci Univ Hokkaido

ORIGINAL

- 1 **Effects of chemomechanical decontamination methods and biological growth factors for bone differentiation on rough titanium surfaces**
Hiroshi NAKAGAWA, Takashi KADO, Takashi NEZU, Hiroaki TAKEBE, Keiji NAGANO, Yasushi FURUICHI (1)
- 15 **Effect of Nickel and Titanium on DNA Methylation in Human Gingival fibroblast cells In Vitro**
Dedy ARIWANSA, Koki YOSHIDA, Tetsuro MORIKAWA, Jun SATO, Maiko OTOMO, Masato SAITOH, Takashi NEZU, and Yoshihiro ABIKO (15)

CLINICAL REPORT

- 23 **A case of extraction treatment in bimaxillary protrusion of skeletal Class II with left-right difference in molar relationship due to congenital absence of permanent teeth.**
Kana EGAMI, Yuya NAKAO, Masahiro IIJIMA (23)
- 35 **A case of skeletal Class II with the significant protruded position of the maxillary central incisor treated with consideration of bone housing**
Risa TANAKA, Tomoya UCHIZAWA, Yuya NAKAO, Tadaharu YOKOKAWA, Masahiro IIJIMA (35)
- 47 **Angle II, skeletal Class I crowding case with palatally displaced maxillary first premolars**
Yuki TOMITA, Takeshi MUGURUMA, Yukie SAKAMOTO, Masahiro IIJIMA (47)
- 55 **A Case of probable Oral Floor Vein Malformation with Multiple Phleboliths**
Shigehito FUJII (55)
- 63 **Non-extraction orthodontic treatment of Class II malocclusion with impacted maxillary canine and bilateral scissors bite**
Masaru YAMAGUCHI, Haruna KASHIO, Masahiro IIJIMA (63)

INTRODUCTION OF DOCTRAL DISSERTATION

- 71 **Effect of smoking on the association between the *GPR141*-rs2392510 and periodontitis**
Yukichi OKADA (71)
- 73 **Imaging analysis of bone destruction and bone invasion of squamous cell carcinoma using tissue clearing techniques**
Mari SHIMATANI (73)
- 77 **Effects of fluctuations of the female sex hormones on the periodontal tissues and microbiota associated with threatened preterm labor.**
Nodoka SUGIYAMA (77)
- 79 **Effects of mechanical load and estrogen in cultured cells from superficial layer of mandibular condyle**
Jin TSUCHIDA (79)
- 83 **Association of experimental periodontitis and aging with cognitive decline in C57BL/6 mice.**
Yoshiki FUJIMOTO (83)
- 85 **Research on dental 3D printing materials using epoxidized soybean oil**
Yuko MATSUKI (85)
